What is the focus of this search?

Please include concepts, synonyms, keywords, definitions, strategies, in short anything that helps to describe the topic. Please attach a copy of the abstract and pertinent claims.

A competitor of my applicant has a PG Pub which discloses much of applicant's invention. The PG Pub is based on a non-provisional filed about three weeks before my application ('171).

I would like information ~~of~~ describing the invention applied for by D. E. Shaw in the PG Pub. I need to push the date further back from 9/26/2000.
Thanks.
